- [online abuse learning.nspcc.org.uk/child-abuse-and-neglect/online-abuse](https://www.nspcc.org.uk/child-abuse-and-neglect/online-abuse)

We believe that:

- children and young people should never experience abuse of any kind
- we have a responsibility to promote the welfare of all children and young people and to take, share and use images of children safely.

We recognise that:

- the welfare of the children and young people taking part in our activities is paramount
- children and their parents/carers have a right to decide whether their images are taken and how these may be used, regardless of age, disability, gender reassignment, race, religion or belief, sex or sexual orientation
- consent to take images of children is only meaningful when the children and their parents/carers understand the potential risks associated with the use and distribution of these images

We will seek to keep children and young people safe by:

- always asking for written consent from a child and their parents or carers before taking and using a child's image
- changing the names of children whose images are being used in our published material whenever possible (and only using first names if we do need to identify them)
- never publishing personal information about individual children
- making sure children, their parents and carers understand how images of children will be securely stored (including how we will control access to the images and their associated information)
- reducing the risk of images being copied and used inappropriately by: only using images of children in appropriate clothing (including safety wear if necessary)
- in activities such as swimming where there may be a heightened risk of images being misused
- using images that positively reflect young people's involvement in the activity.

We will also develop a procedure for reporting the abuse or misuse of images of children as part of our child protection procedures. We will ensure everyone involved in our organisation knows the procedures to follow to keep children safe.

When children themselves, parents/carers or spectators are taking photographs or filming at our events and the images are for personal use, we will publish guidance about image sharing in the event programmes and/or announce details of our photography policy before the start of the event. This includes:

Photography and Filming Policy

- informing children and parents/carers that a photographer will be at the event and ensuring they give written consent to images which feature their child being taken and shared
- not allowing the photographer to have unsupervised access to children
- not allowing the photographer to carry out sessions outside the event or at a child's home
- reporting concerns regarding inappropriate or intrusive photography following our child protection procedures.

Photography and/or filming for wider use

If parents or carers wish to record one of our events and share the images professionally or in the wider world, they should seek permission in advance.

They should provide:

- the name and address of the person using the camera
- the names of children they wish to take images of (if possible)
- the reason for taking the images and/or what the images will be used for
- a signed declaration that the information provided is valid and that the images will only be used for the reasons given.

Jump Start Kids Ltd. will verify these details and decide whether to grant permission for photographs/films to be taken. We will seek consent from the children who are the intended subjects of the images and their parents and inform the photographer of anyone who does not give consent.

At the event we will inform children, parents and carers that an external photographer is present and ensure they are easily identifiable, for example by using them with a coloured identification badge.

If Jump Start Kids Ltd. is concerned that someone unknown to us is using their sessions for photography or filming purposes, we will ask them to leave and (depending on the nature of the concerns) follow our child protection procedures.
